Codecraft

Codecraft is online programming contest organized for INCEPTUM 2K14 tech fest of G. B. Pant Engineering College, Okhla Phase-III, it is a 3 hours long programming event hosted by Hackerearth on **02/02/2014**. Interested students should register themselves on www.inceptum.co.in before **31/01/2014** and then log on to "http://www.hackerearth.com/codecraft/" (make a Hackerearth account if you don't have it).

General protocols -

- The contest is for individuals. No teams are allowed.
- Anyone can participate who has Hackerearth account but only those participants shall be eligible for prizes who register themselves on the website www.inceptum.co.in
- Please do not discuss strategy, suggestions or tips in the comments during a live contest, posting questions clarifying the problem statement is acceptable.
- Supported Languages C, C++.
- Each program will be tested based on our critical test data. However output and input should be exactly as specified in the samples provided. White space characters in the output will be ignored.
- The total time is the sum of the time consumed for each problem solved. The time consumed for a solved problem is the time elapsed from the beginning of the contest to the submittal of the first accepted run plus 20 penalty minutes for every previously wrong output for that problem.
- There is no time consumed for a problem that is not solved.
- The decision of the organizers in declaring the results will be final. No queries in this regard will be entertained.
- Any participant found to be indulging in any form of malpractice will be immediately disqualified.

    INCEPTUM team wishes you all the best...!!!
